

Here is a brief report of the Heritage Comm.'s activities.

The members of the committee are confirmed as:

Chair:

Randall Brooks (2006-09) Canada Science and Technology Museum

Members:

Vic Gaizauskas (2004-07) NRC-HIA

Elizabeth Griffin (2006-09) NRC-HIA

Richard Jarrell (2005-08) York University

Nathalie Martimbeau (2004-07) Harvard University

David Turner (2006-2009) Saint Mary's University

The main focus of our activities has been to expand and completely restructure the Heritage Committee's Resources web page. The changes will go to the web master this week. The existing PDFs will be replaced with text readable versions and we have added 2 new reports: the 1917 paper by W.E. Harper detailing site selection for the DAO and the 1983 report on Astronomy in the 1980s prepared by Halliday, Michaud and Routledge. In addition, some additional links to external resources will be added. We will also be adding a link for people to pose questions to the Committee members and adding a few images.

The initiative that that we plan to concentrate on next is providing a list of archival sources and their location.
